FRIDAY, SEPTEMBER 20, 1929

Able Speaker Will Address Dinner Meet

Splendid Entertainment Is Announced for Meeting Tuesday, 24th

Dinner at Seven O'clock Will Be Stag Affair, With Invited Guests

Plans were announced as almost complete for the big Kiwanis District meeting to be held in Sierra Madre next Tuesday evening, Sept. 24, at 7 o'clock. This is to be a dinner affair, served at the Woman's Club house under the direction of Mrs. Lees. Members of the Woman's Club have volunteered to assist in serving the dinner.

Plates will be set for two hundred visiting Kiwanians, members of the local club and their guests. Each local member is requested to bring one guest.

President Ray Grant reported at Tuesday's luncheon that Jack Eberle, district lieutenant governor, had procured one of the most fluent speakers from the Los Angeles Chamber of Commerce to give the address of the evening. His name was not revealed, but his subject will have to do with "Community Spirit and Community Building."

"Jimmy" Smith, versatile singer and organ player who is well known here as simply a "wow" and a whole show by himself, will be present to make merriment for the occasion. The Steinberger Twins, Little Milt and Tiny Harvey, are rehearsing daily for their skit entitled "School Days" which they will give again at this time by request.

No noon meeting of the local club will be held Tuesday of next week. The women who have been appointed by Mrs. Robertson to assist at the banquet are: General committee, Mrs. Wm. Lees, chairman; Mrs. F. L. C. Roess, Mrs. Ethel Davis and Mrs. W. H. Richards; committee on arrangements, Mrs. E. H. Porter and Mrs. Wm. Lees; serving committee, Mmes. Harvey Steinberger, Guy Steinberger, W. E. Pratt, Emil Smith, Joseph L. Asbury, Howard Lieben, Phillip Senour, R. M. Finlayson, and Miss Edna Green.

The regular meeting this week was devoted to an address on "Food Preservation," by Walter G. Blossom, superintendent of education of the Southern California Edison Company. He was introduced by Fred Schwartz, district manager of that organization with headquarters at Monrovia.

Mr. Blossom recited in a most interesting manner the various stages in the history of mankind whereby efforts were made to preserve food in case of famine, etc. At first man simply gorged himself after having killed an animal and left the remains to birds and beasts. Then he began to hang the carcasses in the cool of the cave, and finally discovered the preservative qualities of salt.

The next step was to use strong spices for preserving meats and the search for these spices played an important part in the exploration and colonization of the world. Columbus made his eventful discovery while searching for the Indies by a water route in order to bring spices. The Romans had slaves carry down snows from the far mountains and buried it with their meats in trenches. Then came Louis Pasteur who discovered that heat kills germs and prevents decay for a time; but it later developed that heated foods will decay more quickly than those that have not been so treated.

Finally scientists found out that foods that are kept in a constant temperature between 32 and 50 degrees above zero will keep almost indefinitely. Experiments show that if the temperature rises above 50, bacteria develop very rapidly. The United States Department of Agriculture states that there are only nineteen days out of the year in the average climate of this country when the temperature is right and there is no need for artificial refrigeration.

The U. S. Chamber of Commerce estimates that there is an economic loss of \$8,000,000,000 annually due to preventable disease and deaths, much of which is caused by infected foods.

Black Widow Tribe Increases as Mother Of Race Exhibited

The News office seems to have become the dumping-place for all the black widows in town since the publication of an article in this paper some few weeks ago to the effect that they were present in this section of the country and were reputed to be very dangerous.

Not content with bringing in huge, fearful specimens of this insect with the red hour-glass markings on the abdomen, one young boy, Francis Ballard, of 451 West Central, corralled a "mamma" spider with a huge quantity of eggs just hatching, and brought it in to this office.

It was very interesting to learn that the "pickanninnes" of this Ethiopian breed cephalothorax are not black or even mulatto, and that they start learning the art of spinning almost as soon as they emerge from the egg. In fact, while this exhibit was left in the office over the weekend, some of the little cusses got out through the vent-holes and spun so many webs over the tennis trophies that the office looked like the old "parlor" in the back-east farm house.

Pigs may be pigs but enough spiders are plenty. Our friends are urged to send all specimens collected from now on, to the zoo — somewhere.

Police Curb Violators of Traffic Laws

School Crossings Matter of Special Concern to Officers

Two "speed" cases and four "boulevard stop" cases are being tried in the local court this morning (Friday) by Judge Lasater as part of a program of traffic law enforcement which began Monday with the opening of school and in conjunction with national law enforcement week. Flagrant violators of motor vehicle laws and drivers who fail to heed warnings have been, and will continue to be, arrested, according to announcement of Chief of Police G. G. McMillan.

Fines are being imposed in most cases tried Friday depending in proportion upon the misdemeanor, according to Judge Lasater.

No leniency will be shown persons driving through school crossings, while children are on these crossings.

Chief McMillan himself is on duty at Auburn and Highland from 8 to 9, 11:50 to 12:50 and 1:50 to 2:10 to look after the kiddies.

The Recorder's Court is in receipt of three new books, *Ragland California Penal Code, Civil Code, 1929, and Civil Procedure*. Each volume is the latest authority of its kind available and contains all the acts of the last legislature as well as all modern and up-to-date laws.

Cooperation of K. B. Kennicott with Chief McMillan gives W. J. Ropp permission to remove the unsightly house at 56 W. Highland for the lumber. The building clean-up program is well under way and meeting with satisfactory cooperation.

Mrs. Wm. F. McCarron and daughter, Barbara Alyce left Saturday via Pickwick stage for Tucson after a vacation of five weeks spent with her mother, Mrs. Barnidge, and also Mrs. Wm. S. McCarron, mother of Mr. Wm. S. McCarron. Wm. F. McCarron is superintendent of the Pickwick mechanical department at Tucson and his father, Wm. S. McCarron is in charge of the Pickwick Latin-American Airways in Mexico City.

Hold Church Party In Congregational Social Hall Tonight

There will be a church social Friday evening, September 20, at 7:30 in the Social Hall of the Congregational Church. A committee consisting of Mr. and Mrs. Nestor Young, Jr., Mr. and Mrs. H. W. Glidden, Mr. and Mrs. Ray Grant, Mr. and Mrs. E. D. Burbank and Mr. and Mrs. Rudolph Hartman are planning the entertainment and refreshments. All members and friends of the church and newcomers in Sierra Madre are cordially invited to attend. A silver offering will be taken.

Net Turney Closes With Real Climax

Fuller and Smith Will Battle For Major Honors in Singles

Trophies Will Be Presented To Winners at Public Meeting

The grand tournament of the Sierra Madre Tennis Association will wind up this week in climatic style with a grueling test for supremacy in the men's singles between Emil Smith and Louis Fuller. Emil Smith is president of the association and has played consistently good tennis throughout the tournament season. He defeated Les Miller 6-1, 6-2 on Tuesday of this week. Mr. Fuller, who was prevented from playing off his matches by the illness of a relative, defeated Wolfgang Reitherman Thursday evening by score of 6-4, 3-6, 6-4. Smith and Fuller will meet to fight for the championship Sunday afternoon at 3 o'clock.

Five trophies have been purchased and are being engraved as this paper goes to press. As soon as they are returned from the engravers they will be placed in the window of the News office. The plans are to present them to the winners in the various tournament events at public meeting to be called in the city hall soon. At that time certain business matters will be taken up, particularly in regard to revising some of the by-laws which were drafted before the association had had the experience of a tournament to guide them.

Two very important and interesting events in the men's doubles were staged Saturday and Sunday. Les Miller and Preston Schwartz defeated W. Reitherman and Adams. Sunday afternoon Miller and Schwartz were matched against Homer Tuttle and Harry Draman. It was a hard fought and extremely well-played match all the way thru, and it required the full five sets, two of which were deuce, before Miller and Schwartz were able to get their three games necessary for the doubles championship.

In last week's issue it was erroneously stated that Stuart Dittmar won the Junior Singles championship. An apology is hereby made to "Rudy" Lichnowy who defeated Dittmar in two out of three sets and thereby holds the junior championship.

Cups will be presented to the following winners in the events that have been played off: Women's singles, Sarah Schwartz; mixed doubles, Sarah Schwartz and Preston Schwartz (the athletic twins); men's doubles, Preston Schwartz and Les Miller; junior singles, "Rudy" Lichnowy; junior doubles, Carl Young and Stuart Dittmar. The finals in men's singles are to be played off Saturday or Sunday.

Motion Pictures of Alaska to Be Shown At Church Sept. 27

"The Lore of the Yukon" in moving pictures will be presented at the Congregational Church on Friday evening, September 27, at 7:30 o'clock. Rev. George Edward Lewis, for many years a missionary in Alaska, took the pictures and will himself present them. He is a grand-nephew of the famous Capt. Lewis of the Lewis and Clark expedition, and he inherits the same pioneer-exploration spirit of his forbears.

"The Lore of the Yukon" is the most startling, thrilling and electrifying moving picture of the Far North ever produced. These pictures have been gathered at vast expense and often at the risk of lives. They depict glaciators, the formation of icebergs, avalanches of snow, railroading through snow fifty feet deep, dog teams mushing their way over trackless spaces to the very rim of the Arctic Sea. Incidents in the lives of native Indians and Eskimos, their totem poles and queer habits and customs.

All this and much more is pictured and lectured by Rev. Lewis, well known authority on Alaska. The most reliable information and careful accuracy are maintained in both picture and story.

The public is cordially invited. A silver offering will be taken.

Former Resident Starts Practice of Osteopathy Here

Drs. Albert M. and Edith Weston have established their residence at 60 N. Sunnyside Ave. where Dr. Edith Weston has opened an office for osteopathic cases. Dr. Albert Weston will continue to maintain his offices at 742 S. Burlington Avenue, Los Angeles, where he has been in active practice for ten years.

Dr. Edith Weston will be remembered as the daughter of Mr. and Mrs. L. E. Steinberger.

Both are graduates of the Los Angeles College of Osteopathic Physicians and Surgeons and hold unlimited licenses to practice medicine and surgery in the state of California.

Of interest to deaf people of this city and their friends is the announcement that the Pasadena Board of Education is providing a course in lip reading at the Pasadena high school. Miss Lucy Ella Case, graduate of the Edward B. Nitche School of New York, a very efficient and well known instructor, is in charge of the class. Classes will start on Monday, September 23, at 2:30 and all wishing to enroll may do so without cost.

Miss Ferris Is Bride At Local Church

Weds Frederick W. Turner of Leading Pasadena Family

Wedding Breakfast Served at Parental Home on West Central

A most attractive wedding was solemnized Thursday morning at the Congregational Church when Katherine Ferris, daughter of and Mrs. George F. Ferris of 585 West Central, became the bride of Frederick W. Turner, scion of one of the most prominent old families in Pasadena.

Rev. Arthur O. Pritchard read the service at 11:30 before 30 relatives and friends. Miss Elizabeth Ferris, sister of the bride, attired in a gown of white crepe de chine, with a white felt hat matching, and carrying a bouquet of American Beauty roses and maidenhair fern, preceded her to the altar. Homer W. Glidden served as best man.

Mrs. H. Randolph Wood sang "O Perfect Love." Donald Parker played Lohengrin's Wedding March on the organ and Mendelssohn's Wedding March after the ceremony.

The bride, entering on the arm of her father, was most lovely in a gown of ivory embroidered canton crepe; her long tulle veil, once worn by her mother, was held in place by a wreath of orange blossoms, and she carried a shower bouquet of bride's roses white sweet peas and maidenhair fern.

The church was attractive with pink and lavender fall asters, gladioli in hues of pink, ferns and palms with lighted ivory tapers on the altar.

A wedding breakfast was served at the bride's home on West Central to the thirty guests.

The rooms were decorated with fall asters. Breakfast was served at individual tables, the bride's table being beautifully decorated with white sweet peas, and rosebuds centered by a large bride's cake, with tall silver candlesticks on either side.

After an extensive wedding tour in the north, Mr. and Mrs. Turner will probably make their home in Berkeley.

Local Schools Open Monday A. M. With Enrollment of 291

The elementary school opened Monday with an enrollment of 291 pupils for six grades, according to an announcement by Miss Elizabeth Steinberger, principal. Regular classes were conducted throughout the first day.

The school building had been cleaned and renovated preparatory to the opening of the term.

Some changes are announced in class schedules. Miss Ruth Taylor has been appointed to fill the vacancy caused by the death of Mrs. Kendall, and Mrs. Roland Adams succeeds Miss Taylor. It is announced that Miss Mary Pfahler will teach five days each week in the music department instead of three, as formerly.

Parents and Teachers To Meet Sep.

Announce Fine Program of Music, Addresses and Contests

Will Discuss Year's Plans Which Embody Huge Objectives

The Sierra Madre Parent-Teacher Association has arranged a most interesting program for the coming year and detailed plans will be discussed at a get-together Fathers and Mothers meeting to be held at the school Wednesday evening, September 25, at 8 o'clock.

Tentative plans which will come before the meeting for discussion and formulation include the following: (a) work with the local Chamber of Commerce upon the schedule of public entertainments which is considered particularly vital since the closing of the motion picture theatre here; (b) a more definite program in corrective physical culture work whereby such conditions as flat feet, "chicken" breasts, and the like, which are seemingly unimportant during early youth but assume serious aspects in the adolescent age, may be corrected before it is too late; (c) supervised direction of vacation time; and (d) the organization of a parent study club.

A number of prominent persons have promised to address the association this year. Among them are John Daggett, famous in radio land as "Uncle John"; Miss Scott, student counselor of Woodrow Wilson junior high, Dr. Jason, famous psychologist, a juvenile judge and many other speakers.

The program for Wednesday evening, October 2, will include an address by Mr. Brown, principal of Woodrow Wilson, who will discuss some of the methods he uses in handling "problem" children. Miss Steinberger and Mrs. Barker will talk on school management and health. Lee Shippey will "say a few words." Joe R. Eastwood will sing a tenor solo. The closing number will be an unusual race among the devotees of the 18-day diet who wish to work off their surplus "pep." Prizes will be awarded.

A door prize of a fine homemade cake will be given. Sandwiches, coffee and cake will be served. Hostesses for the evening will be: Mrs. Gruet, Mrs. Asbury, Mrs. Stimfling, Mrs. Senour, Mrs. McRoberts, Mrs. Holland and Mrs. J. O. Smith. Every parent is urged to come and bring his or her neighbor, to bring about closer correlation between parents and teachers for the good of the child.

Memorial Service For Mrs. Kendall Sunday Evening

A memorial service for Mrs. Lila B. Kendall, a sister of Mrs. Fred Griebe, and a teacher in the Sierra Madre public schools, who was one of the unfortunate passengers on the S. S. San Juan, sunk off San Francisco, will be held at the Congregational Church Sunday evening at 7:30.

Rev. Arthur O. Pritchard will have charge of the service and the chorus choir under the direction of Mrs. Myrtle Hill, will sing. A tribute of appreciation will be given by Mrs. Fletcher White, intimate friend and fellow worker. It is expected that a large number of her associates and pupils in the schools will be present.

Mrs. Kendall taught for six years in the local school and made a deep impress on the lives of her pupils.

Her many friends are requested not to send flowers.

Special memorial services were conducted by the Eastern Star at the meeting held in the Masonic Temple Monday night for Mrs. Kendall and Mrs. Mary Tufts Dranga, who passed away in July.

The chair of Mrs. Kendall who was treasurer of the chapter, remained draped throughout the evening. During the service Jack Buchan sang "Crossing the Bar." Well, if grapes have gone from \$20 to \$175 a ton under prohibition, obviously we could relieve the wheat farmer by prohibiting bread.—Detroit News.

Merchants Warned To Be on Lookout For Check Forger

Sierra Madre merchants are warned by Chief Gordon McMillan of the local police, to be on their guard against a check forger by the name of J. H. Dowling, alias Joe Sheppel, who recently cashed a fraudulent check supposed to have been issued by the Fox Film Corporation. He presented a \$37.50 check in payment for a \$2.75 inner tube and received the difference in cash.

The man is an American about forty years old, medium height, weight 140 pounds, blue eyes and thin faced. He posed as a carpenter for the Fox Company and is thought to be one of a large gang of forgers who have passed similar checks in Los Angeles and Hollywood. Inasmuch as the Fox Company is working on location here and in Arcadia, Chief McMillan issues this warning.

A total of 3,220,000 new passenger cars were purchased by the motorists of the United States during the calendar year of 1928, according to revised figures of the American Motorists Association. Comparing the number of new vehicles purchased with the number junked, the figures show that during the year 1,007,000 more cars were bought than were junked. The total number junked aggregated 2,213,000 cars.

Reduced Car Tickets For Hi Students

The Commutation Book Now Costs J. C. Pupils Only \$1.61

A book of school commutation tickets to the Pasadena Junior College may now be purchased by students of that school for \$1.61, it was announced at the school today by Alfred C. Wilcox, school treasurer. This represents a saving of \$2.24 per book over the price that they cost at the end of the last school year.

The price of the 46-ride book was formerly what it is now but during the last year the Pasadena school District became involved in a law suit over the legal right of the school district to pay part of the transportation for pupils who live out of the incorporated zones of the city. Pasadena recently won the suit.

The district now pays \$2.24 of the cost of each book while the student pays the balance, or \$1.61. The money must be paid at the school bank and the bank will issue a slip authorizing the local Pacific Electric agent to give the student the car book. There is a time limit of 60 days on the commutation book.

Fire Flames

By One of the Boys

Wherever the chief went on his vacation he didn't stay very long, as he was seen in town just the other day. Perhaps the chief is like a lot of us fellows who don't get to enjoy much time at home (that is around our own shacks.) Seems strange to say, but if a real vacation was to come our way, it would seem real pleasant just to be left to do as we liked around our own home. It is a great thing to travel around, but after awhile a few hundred miles from home begins to be the same old thing, while home is always a restful place. (Providing the wife isn't "doing the wash.")

We sincerely missed Chief Richards at our last meeting, altho Assistant Chief Norris handled the affairs in excellent style. Geo. ordered the truck to a plug on West Central Avenue and three minutes after the truck left the city hall, water was coming from the nozzle, believe it or not.

Louie made the noted Siamese connection all by himself and was yelling "water" before the big hose was connected to the plug. It was with great difficulty that Lee Hibbs separated Louie and George after the water was turned on. Louie said if George had "shayed afay from der nozzle, der hose vould haen been connected to gedder apart yet and we cood haen been a minute later before we vas." George said, "Oh, you are always getting things wrong."

At this point of the argument, Lee Hibbs took them both by the collar and bumped their heads.

The practice took place near the home of Dr. McBurney and one of his boys came driving into the thick of the fray with intense excitement. He had been the last to leave the house and he thought he had set the house on fire. Imagine what a grand and glorious feeling it must have been to him when he learned it was only firemen's practice night. When he found this out he asked us to tear up his lawn with our high pressure hose, but we did not take advantage of his condition.

Everyone is so busy these days seeking out a mere living that it is a strenuous effort to find some one with news for Fire Flames. No one seems to know anything about the other fellow, or if he does he won't tell it. Perhaps he figures he may be next.

While hurrying by in our "car" (1922-49) last evening we were somewhat disconcertingly distract ed from the middle of the road by the appearance of the "Hated House." We were not exceeding the speed limit (mechanical reasons for this) but we were going fast enough that we didn't recognize the participants of the wrecking crew at work on this beautiful land mark. It is with regret that the entire city learns that the "Hated House" is to be torn down. However, we hope our own H. A. Thew is successful with his venture and we also hope that he is able to leave the place in more sightly condition than it has been in for years.

Knowing he would be away last Friday night the chief left orders to bundle and tie all the newspapers, etc., that beautify the engine house. The boys all worked like heroes and got them all tied up. We were rewarded with a fine "dutch lunch" served by Frank Lovell.

The "Southwest Corner" was also in session again last Friday evening and George Cox won the prize for producing the strongest commotion. He caused four members of the party to throw up their hands and nearly pass out. Well, put the hose in the truck, the fire's out!

TRY 'EM ON YOUR SAX I saw six long slim slick sappings for sale.

Strict, strong Stephen Stringer snared slickly six silky snakes.

Sadie Setherway saw Sandy Snookums soaped and shaving.

Sheila saw a shotsilk sash when the sun shone on the shop!—Schenectady Union.

American Legion Asks Hospitals for The Mentally Sick

Shocking results are being received in the American Legion's survey of hospitals being held to determine the acute need of additional construction for government hospitals for the treatment and care of mentally ill war veterans, according to work received by State Adjutant James K. Fisk of the state headquarters of the American Legion in San Francisco.

Under the law, World War Veterans' Act, 1924, as amended, Section 202, Paragraph 10, all World War veterans suffering from mental sickness are entitled to care in government hospitals, where the facilities for treatment of this class of patients is conceded by most authorities to be far superior to that of state or city institutions. In the latter class of institutions, in many states, only custodial care is attempted because of over-crowded conditions. The government hospitals, however, are filled, and notwithstanding the law, there are long waiting lists of veterans applying through guardians or others, for admission.

The American Legion and the U. S. Veterans' Bureau, at the session of congress ending March 4 attempted to get a \$11,480,000 construction bill passed by congress. Tactics of delay used in opposition in the house of representatives, however, prevented the bill's passage. The minority report of the committee having the bill in charge, based its objection on the point of service connection, notwithstanding the law, and not taking into consideration the fact that it is the man who carried on uncomplainingly after the war for several years, who is now unable to prove that his nervous or mental condition is due to a general or specific hardship of his war service.

Society and Personal

WOMAN'S CLUB ENTERTAINS

The Sierra Madre Woman's Club was the scene of a delightful bridge luncheon Friday afternoon, when fifty members and their guests gathered at the club house. Mrs. Wm. Lees was hostess for the afternoon, assisted by Mrs. F. L. C. Roess and Miss Edna Green. Following a delicious luncheon, eight tables of bridge were played. High score was made by Mrs. Roess, with Mrs. Ralph Solury second, and Mrs. J. L. Asbury low. Beautiful decorations were formed of red and yellow zinnias.

Mrs. May Fitzpatrick of Greeley, Colo., arrived Monday to spend her two weeks vacation as the guest of Mrs. E. Louise Gray of 213 North Auburn. Mrs. Fitzpatrick is the sister of Mr. Gray. She is an employee of the Greeley post office and was at one time associated there with Mr. Gibson, now a carrier in the Sierra Madre office.

Mrs. John Lowe, who has been spending the summer in Oregon, was in Sierra Madre on business for a few hours Monday. She left this week for Washington, D. C., accompanied by her sister, Mrs. Frances L. Neth of Los Angeles. Mrs. Lowe will return to Sierra Madre the latter part of October to spend the winter here.

D. W. Pote of Long Beach spent a couple of days the latter part of last week with his daughter, Mrs. Joe R. Eastwood.

Mr. and Mrs. Walter Heber and Walter's mother, left Monday for Texas, where Mrs. Heber will spend the winter with a sister. Walter and his wife will go on to Washington, D. C., where the former has a position in the government printing office, as a

Mrs. Donald Thayer and children, Carla, Jean and Laduska, left Tuesday evening on the Santa Fe Calif. Limited for New York City to join Mr. Thayer, who left several days ago for the metropolis, where he is booked for a long concert season. The Thayers expect to return to their home in Sierra Madre in the spring.

W. H. Humphries, Fred S. Ackley and L. D. Manning, chief engineer for the Fox Movietone Corporation, made a trip over the weekend to inspect property owned by the Fox company near Kernville.

Miss Evelyn Solury and Miss Grace Allen of Ramona Avenue, spent Saturday and Sunday in Pomona visiting the Brodel family, former residents of Sierra Madre.

Mr. and Mrs. Roy Pickett and daughters were joined by relatives Sunday from South Pasadena and Huntington Park, at Brookside Park for a family reunion picnic dinner.

Mr. and Mrs. Vincent Fleming spent Sunday evening visiting Mr. and Mrs. Roy Peat at Walnut Park.

Mrs. Gilmore of the Gilmore Gift Shop spent Tuesday morning in Los Angeles on business.

STEWARTS ENTERTAIN RELATIVES

Mr. and Mrs. R. W. Stewart of 233 Santa Anita Court are entertaining Mr. Stewart's parents and sister and husband from the East. Friday morning, Mr. and Mrs. W. M. Stewart, parents of R. W. Stewart, arrived from Kansas City for an extended visit here. Mr. and Mrs. A. R. Schenken, sister and brother-in-law of Mr. Stewart, from Chicago, will arrive soon, enroute to Yokohama, Japan, where Mr. Schenken will be manager for Libby, McNeil and Libby, as well as Swift and Company, for three years.

Misses Ruby and Florence Ronell and Agatha Kranz, from Watertown, South Dakota, are visiting Mr. and Mrs. Lester K. Layton, 560 Sturtevant Road. The Misses Ronell are Mr. Layton's sisters.

Mr. and Mrs. F. H. Hartman left Friday morning, September 13, for Avalon, Catalina Island, returning Tuesday evening, September 17.

Miss Nina Allerton, 4 Montecito Court is spending the month of September in New York state, visiting. She is an employee of the Sierra Madre Savings Bank.

Mrs. Harriet Buckingham and Mrs. Edna Holland attended the Eastern Star meeting at Lamanda Park Friday night in honor of the associate matron there. All neighboring associate matrons were invited.

Mrs. Margaret Lewis of No. 3 Bella Vista Terrace purchased a Dictator 8 Studebaker sedan from Norm's Garage recently.

Tuesday Mrs. Lewis and small daughter drove to Santa Monica for a few days' visit.

Dr. G. W. Groth and family moved this week from their home at 122 North Baldwin to 94 North Baldwin.

Tuesday, October 1st, the regular stated meeting of the Masonic Lodge will be held at the Masonic Temple.

Mr. and Mrs. W. P. Caley have returned from a five week's outing at Santa Monica.

RUTH STAFF RETURNS FROM EUROPE

Miss Ruth Staff returned to her home, 40 South Hermosa Tuesday, Sept. 10, after a most delightful trip to Europe. The itinerary included an interesting tour of Sweden and Norway, where she visited her father's sisters and cousins in Southern Sweden. A ten-day trip by boat was taken, an auto trip thru the Norwegian fjords and a subsequent trip by air from Copenhagen to Hamburg in one and three-quarters hours, which ordinarily takes 10 hours by train.

The return trip was made thru France and the battlefields were visited. Five days were spent in Paris, four days in London, one day in Washington, D. C. A brother was visited in Cincinnati, and friends in Colorado Springs, the Staff's old home.

The weather was delightful thru the extent of the trip. The trip going was to the north of Scotland, where the sun rose at 1:30 and only two hours of darkness prevailed at night.

From Southampton Miss Staff was accompanied by Miss Janet Allen. Miss Staff has resumed her second year as instructor of history and geometry in the Hollywood high school.

Mrs. W. W. Schaffer and son Robert arrived Wednesday morning from Meadville, Pennsylvania. Mrs. Shaffer is the daughter-in-law of Mr. Shaffer and the sister-in-law of Mrs. Al Wheeling. Robert will enter the California Prep school at Covina for the ensuing school year. Mrs. Shaffer will return to Pennsylvania after a visit at the Al Wheeling residence, 101 East Central. Dr. Shaffer and family will probably return to Sierra Madre during the Christmas holidays to spend the remainder of the winter.

Carl Jacobson and Dick Hawks left Thursday for a two weeks motor trip to Seattle.

"WITH MALICE TOWARD NONE"

PERHAPS the opinion of a comparative new-comer in this community will be somewhat discounted when it touches upon the most vital and vulnerable spot in the Sierra Madre civic body. On the other hand, it may be that one who has not lived here so long that he has become calloused to conditions or despairing of a remedy, will be more free to express an opinion and do it with more genuine optimism than an "old timer" would do.

From what we can see and hear, it seems that this lovely little city, for which God has done almost everything possible, has been, for the past quarter of a century or so, the victim of a regime of spite, malice and hate among some of its inhabitants. Even its very beginning was opposed and a nasty feeling has existed ever since on account of water rights and other greed.

There is no denying the fact that water is a vital matter with any Southern California town and due precautions must be taken to protect our water rights, against others who think they have an equal or better right.

Such matters can be handled properly with due recourse to law, when disputes arise with other cities or estates. But let's not allow ourselves to get unduly excited about the matter and perpetuate that spirit of malice among our own people which has done so much to retard the natural growth and development of Sierra Madre, as well as mar the pleasantness of the lives of many of our leading and most useful citizens.

We have found here men and women of sterling worth and outstanding ability as leaders in community affairs who have had their spirit broken and their health ruined by this element of constant nagging, bickering and fault finding. They envisioned the potentialities of this city and started bravely to work to bring about the realization of the dreams. But just because some did not agree with them, or because some with motives in their own eyes accused them of working for purely selfish interests, they have finally had to throw up their hands and quit. We dislike a quitter, but certainly if man was ever justified in doing so, it has been here where feeling has been so bitter. Some may say that this is poor advertising for the city, but if we have sickness in our family we do not hesitate to have the physician come in by the front door. The only way we can help to remedy this situation is by facing facts frankly.

Why can't we disagree without rancor? Why can't we have "charity for all and malice toward none" as the great Emancipator preached and practiced? We have had a bitter recall election just recently. The people spoke their sentiment at the polls. Another occasion will soon come when we will have opportunity to so speak again. In the meantime, let's not go about with spiteful tongues and snooping noses, but try our best to believe in and support the city administration. Give the salaryless councilmen a chance. Love your neighbor, not hate him, is the Biblical injunction with much practical merit and proven value.

What could not have been accomplished if all the energy wasted in scrapping here, could have been put to constructive use in building up our city? We have serious problems here with our water mains in need of repair, our pumping system rather inadequate in case of emergency, many of our streets in poor condition, the question of sewage disposal confronting us as the city grows, the matter of more stringent building restrictions needing attention, the

need of better educational facilities, etc. But after all, we could be in a much worse condition, and the situation will not be helped at all by stirring up bitterness and strife.

Let's try a little forgiveness instead of hate. Let's pull together instead of apart. Let's bury individual pride or greed and work together for the best interests of the most delightful little city to be found any place on earth. Let's talk and walk together, in harmony, and understanding, and see if this method is not more pleasant and more effective than the one we have used so long.

+ + + +

TAX MONEY KEEPS WHEELS GOING

TAXES are the answer to a problem in governmental arithmetic. The fundamental cause of taxes is the fact that the government is spending money in doing certain things for the people. After the policy of rendering certain services is determined upon and the expenditure program in execution of this policy is established, certain tax revenues must be forthcoming. The tax is simply the answer—if the terms of the problem call for a certain expenditure for schools, roads, hospitals and other governmental equipment, services and activities, the answer, in the form of taxes, is inevitable.

This is a fundamental, even an elementary fact, familiar to all students of public finance. The best way of creating and sustaining an intelligent interest in these matters on the part of the public is not simply by emphasizing merely the aches and pains of heavy taxation, but by a process of education and popularization which will open the minds of the people to the nature and significance of the factors which are the real cause of all taxation, whether the burden be heavy or light. The human mind is inclined to be logical and the average person is quick enough to grasp the connection between cause and effect when the conditions of the relationship are exposed. Taxes are an effect of which governmental policy and administrative efficiency are the prime causes. If more attention were given to these causes, more effective and intelligent results would be secured.

+ + + +

WHY DISCUSS PRISONERS OF WAR

GENEVA committees have recently been kept busy discussing the status and proper treatment of prisoners of war. The Kellogg pact and the Briand proposal for the realization of Victor Hugo's plan for the United States of Europe led one to suppose that the hideous anachronism of war was definitely outlawed by all civilized peoples.

An American president had previously publicly declared "it is for the generation that saw and survived the world war to devise measures of prevention. If we fail in this we shall deserve all the disaster which will surely be visited on us because of our failure." A British leader had also assured us that "wars are precipitated by motives which the statesmen responsible for them dare not openly avow. A public discussion would drag those motives in their nudity into the open, where they would die of exposure to the withering contempt of humanity."

More powerful and convincing than the words of either is the advent of the air plane, laden with tons of more and more powerful explosives, and more and more deadly poison gases, such as diphenyl chloroarsine and others, against which no masks efficiently protect. Recent records tell of a made speed of 355 miles per hour by a British plane.

No very vivid imagination is needed to convince any senator, congressman or M.P. that, with whole cities wiped out and countries desolated, there will be little need to discuss prisoners of war.

+ + +

THE EDITOR KNOWS

A MAN confidently remarked to us the other day that if the newspaper man knew how many knocks he gets behind his back, he would adopt some other calling. But the newspaper man does know and has learned to accept. The successful editor is cordially hated by every law-breaker, hypocrite, swindler, shyster, and every pinching knocker of progress and every political grafter. Oh, yes; the editor knows it—and rather enjoys the distinction and situation.—Lynwood Tribune.

+ + + +

THEN AND NOW

"IN the good old days" we walked to school, a mile, two miles, and thought it fun as well as good exercise. Now the children ride to school in a car or bus and, to provide them exercise, we build gymnasiums and athletic fields at great expense.—Claremont Courier.

A Bit of Nonsense

RAH-RAH GIRLS
"Jack, have you ever loved before?"

"My dear girl, I'll be perfectly frank with you. I've been engaged so many times that my ex-fiances have perfected an organization and adopted a yell."—Wall Street Journal.

PICK YOUR VICTIMS

"So you got a big fine for smashing up some one's car? I thought you said you had a friend at court who would fix things for you?"

"Just my luck. He was the fellow I ran into."—Judge.

BURIED ELOQUENCE

The major had just laid the foundation stone of a new wing for the hospital, and the spectators awaited his speech.

"What can I do?" cried the harassed mayor to his wife. "I've laid the stone on top of it."—Pearson's Weekly.

DOWN BUT NOT OUT

"The way for you to straighten out your financial difficulties is to live within your means for a while, until you get square."

"Within our means? I should say not! We may be poor, but we're not as badly off as all that!"—Montreal Star.

MIGHT SERVE IT WITH A SUMMONS

A salesman sold an elderly negro farmer a tractor. Some time after the machine was delivered, the salesman called on his customer for pay.

"Can you pay me for that tractor, Uncle Jim?" he asked. "Pay fo' de tractor!" he asked in astonishment. "Why, man, yo' done tolle me date in free weeks de tractor would pay fo' hisself."—Canning Trade.

SLIGHT DETOUR

The little girl was crying. Her mother, to distract her thoughts, called:

"Oh, come here, darling—come here and look at the airplane."

The little girl ran to the window and stared up at the airplane until it disappeared. Then she got out her little wet handkerchief again.

"Mama, wat was I crying about?" she asked.—Punch.

TAXI! THE MORGUE

Landlady: "And how do you feel now?"

Lodger: "Just terrible. I feel as if I was going to die."

Landlady: "Well, you can't die here; this is the living-room."—Everybody's Weekly.

STAR BOARDER

By Christian gentleman, board in young or middle-aged Christian widow's home where there's no other boarders preferred.—Ad in the Washington Star, a yellowed clipping of uncertain age.

Last day for Low Roundtrip Fares East

HERE is still time for that eastern trip at the reduced summer fares, September 30 is the last day they are on sale. Return any time up to October 31.

Only Southern Pacific offers you the extra privilege of going one way, returning another. Thus double the interest and variety of your trip. Four Great Routes to choose from.

For instance, many go east over the GOLDEN STATE ROUTE, for Kansas City, Chicago, St. Louis, Minneapolis and all points east. The color-beater of this route is the famous "Golden State Limited," offering every travel luxury... all extra fare train advantages... at no extra fare.

Returning, your choice of SUNSET ROUTE, via New Orleans; OREGON ROUTE, via Omaha, Ogallala and San Francisco; and SANTA FE ROUTE, via the Pacific Northwest.

Examples of the reduced round-trip fares:

Chicago	\$90.30
St. Louis	\$5.60
Kansas City	75.60
New Orleans	89.40
Minneapolis	91.90
New York	151.70

Drive a Chevrolet Six!

—so Delightful to Drive!

The Chevrolet Six delivers its power with that smooth, even, velvety flow which characterizes the truly fine automobile. At every speed, you travel without the slightest annoyance from vibration. Equally delightful are its comfort and handling ease. Four long semi-elliptic shock absorber springs provide the road balance found in the finest cars. And the steering gear is equipped throughout with friction-free ball bearings.

—so Durable and Dependable!

The Chevrolet Six is built to the world's highest standards. Its design represents more than four years' development and testing. Materials are carefully selected. Highly skilled workmen perform every manufacturing operation. And inspection is rigorous and continuous. The result is quality so high that you can confidently look forward to thousands upon thousands of care-free, dependable miles!

—so Economical to Own!

Many people still do not appreciate how little it costs to own a Chevrolet Six. You can actually secure a Chevrolet Six for practically the same cash and monthly payments you would expect to make for any low-priced car. Furthermore, it is unusually economical to operate—better than 20 miles to the gallon of gasoline, with unusually low oil consumption. Come in for a demonstration today!

Canyon Park Notes

A sixteen foot special athletic spring board, of the type used in all swim and diving meets, is being installed at the plunge this week by James C. Heasley, pool lessee. Installation of this board at the deep end of the pool will add greatly to the enjoyment of diving enthusiasts. The plunge will remain open during this month, or longer if flood gates are not ordered to be opened by the Los Angeles county flood control.

George D. Johnstone and Wm. A. Thomas, with a party of mining engineers from Los Angeles, returned home on Sunday from a three-day trip to Baldwin Lake, Starland and Sargent Springs where they went in the interest of their mining properties.

Glenn H. Morris, son of Mr. and Mrs. John P. Morris, of Woodland Drive, arrived Saturday from Detroit for a week's visit with his parents. Mr. Morris is vice president of the L. A. Young Golf Supply company of Detroit. He will leave again the first of the week for his home, accompanied by his wife and small daughter, Marilyn, who have been guests at the Morris home for the summer.

Mr. and Mrs. Gordon B. Wolfe entertained party of friends on Tuesday evening at their home on Vista Circle Drive. The time was enjoyed spent in music and dancing, after which a novel touch was added when sandwiches and apple cider were served in the basement. The guests were Mr. and Mrs. Kenneth Matthay, June Matthay, Mr. and Mrs. Jean Neeson, Mr. and Mrs. Fred Kahler and Miss Freida Kissinger of Los Angeles, Mr. and Mrs. Robert Capps, J. Yarrimore and Miss Eiler of Montebello, Miss Katherine Renken and Bob Williams of Whittier, and Peyton Wolfe.

Mr. and Mrs. T. Blazekki have returned to their home on Holly Trail Path after an absence of three weeks spent in Long Beach and Los Angeles.

Mr. and Mrs. J. F. Key and family are spending a short vacation at their cottage, "Keystone," on Brookside Lane.

Mr. and Mrs. Blake C. Maxwell of "Old Kentucky Home" spent Wednesday until Friday at Pomona and Riverside.

Mr. and Mrs. Henry C. Hall of Elsinore, former residents here, were visitors in the Canyon on Saturday.

News Notes from Here and There

The Arcadia theatre, which has been dark since the talking pictures began to monopolize the attention of theatre-goers, may be reopened, according to a news story in the Arcadia News-Journal. It is likely that "talkie" equipment will be installed if the old theatre is re-opened.

A new grammar school building is to be erected soon at the intersection of Granada Street,

Huntington Drive and Pasquillito Street, San Marino, for the San Marino city school district. The new structure will be of Mediterranean design, of reinforced concrete construction.

There is some doubt as to how the names of the seasons originated. Spring is from the Anglo-Saxon "spring," meaning "source of water, a springing, a rising or leaping," probably in reference to the coming out of young shoots at this time of the year. Summer is from the Sanskrit "sama" meaning "year." Autumn is from the Latin "autumnus" — perhaps connected with "augere," past participle "auctus," meaning "increase." autumn being the season of produce. Winter is from the Gothic "winteris," probably originally meaning "snowy time."

SAFEWAY STORES

DISTRIBUTION WITHOUT WASTE

**MORE..
than "just a
grocery store"**

The Safeway Store in your community is much more than just an ordinary grocery store. It is part of a great food distributing organization with vast resources wholly devoted to bringing you dependable foods in the most satisfactory and economical manner modern methods and constant study can devise. By comparison it will be found to offer many advantages, conveniences and economies not available elsewhere.

Society and Personal

SPLENDID SUCCESS— ST. RITA'S CARD PARTY

A most delightful evening was spent last Tuesday evening by the seventy-five or more persons who attended the bridge and 500 party given by the St. Rita's Altar Society in the church auditorium. The officers of the society constituting the hostesses committee were Mrs. William Richards, Mrs. Marcotte, Mrs. Leslie Wynne and Mrs. Woodson Jones.

The proceeds, to be used toward paying the expenses of the parochial school, were most gratifying, the committee stated. The door prize won by Miss Cassie J. Reynolds was a home-pieced quilt coveted by all. Refreshments consisted of delicious home-baked cake and fruit punch.

Prizes in bridge were won by Miss Mabel Appleby, Mmes. John Schiltz, V. F. L. Roess, Harris, Charles W. Collins, John Woehner and Messrs. F. L. C. Roess, Joseph Asbury and J. F. Brain. In five hundred the prize winners were Miss Gerhard, Mmes. W. J. Ropp, P. Thill, L. F. Bartell, and Messrs. Tony Delvecchi, Frank Bergien, H. Greger and W. Barry.

Another card party is being planned for about the middle of next month.

WESTONS ENERGIZED AT BRIDGE

Drs. Albert M. and Edith S. Weston very pleasantly entertained last Saturday evening with five tables of bridge in honor of Dr. and Mrs. D. W. Davis of Beaumont, Texas. Guests included Dr. and Mrs. D. W. Davis and Donald Davis, of Beaumont, Texas; Dr. and Mrs. John S. Sewell and Miss Mary Weston of Monrovia, Mr. and Mrs. F. E. Murphree of Los Angeles, Mr. and Mrs. Earl Gard of Palos Verdes, Mr. and Mrs. Clair of Montebello, Mr. and Mrs. Julian C. Campbell of Long Beach, Mr. and Mrs. Harvey Steinberger, Mr. and Mrs. Guy Steinberger, Mr. L. E. Steinberger, of Sierra Madre.

HOLD CHURCH SOCIAL

There will be a church social Friday evening, September 20, at 7:30 in the Social Hall of the Congregational Church. A committee consisting of Mr. and Mrs. Nestor Young, Jr., Mr. and Mrs. H. W. Glidden, Mr. and Mrs. Rayner.

FIGHT FOR FREIGHT IS KEENEST ON COAST

SEA RULES RAIL RATES—J. T. Saunders, freight traffic manager for Southern Pacific, who says three steamship lines handling two-thirds of north and south freight, tramp steamers and truck lines, as indicated on map, make coastwise competition the most difficult faced by railways

MORE than million tons of freight annually borne in the holds of coastwise steamships between ports of California and the Pacific Northwest ports exceed north and south railway traffic by a margin in excess of 100 per cent, according to J. T. Saunders, Freight Traffic Manager for Southern Pacific company.

Not only do three steamship lines handle twice as much freight as is rail-borne between California and the northwest, but the railway also faces competition of numerous motor truck carriers operating upon the public highway. These truck lines now radiate to almost every community upon the Pacific slope, carrying annually thousands of tons of freight formerly handled by the railroads.

Climate, much advertised as a tourist attraction, adds to the competitive difficulties of Pacific Coast railroads. Every day in the year is a good travel day for Pacific Coast motorists and fine paved highways have made automobile so easy that railway passenger revenues annually decline to the tune of millions of dollars.

"No railway anywhere," Saun-

ders said, "faces competition so strong as that met by Southern Pacific. Five major transcontinental railways, air routes, four coastwise steamship lines, many tramp steamers and traffic motor-borne upon the highways all compete with our lines."

"In four representative months—January, April, July and October of 1927—three steamship lines alone moved 319,685 tons of freight between California and Portland and the Puget Sound ports. In the same period rail traffic north and south between California and Oregon was only 151,453 tons.

"An average of 75,000 pounds a week is moving by steamer from California ports to Crescent City, California, whence it is delivered to destinations in Grants Pass, Medford and other Oregon cities.

"Separately and jointly trucks and steamships are moving thousands of tons of freight which once moved by rail.

"In order to meet this competition Southern Pacific since the World War, has spent over four hundred million dollars for construction of new and rehabilitation of old lines, new equipment and

ders said, "faces competition so strong as that met by Southern Pacific. Five major transcontinental railways, air routes, four coastwise steamship lines, many tramp steamers and traffic motor-borne upon the highways all compete with our lines."

"More than ten per cent of this amount has been spent since 1923 for the construction and rehabilitation of 521 miles of mainline in northern California and southern Oregon. Within a few weeks our new 97 mile line between Klamath Falls and Alturas will be opened, providing a new mainline route to the east 286 miles shorter from Klamath Falls to Chicago than any line existing or proposed.

"The competition of steamships carrying more than one-half of the total coastwise freight traffic affords competition which will continue to be the basis for freight rates regardless of future railway construction."

ders said, "faces competition so strong as that met by Southern Pacific. Five major transcontinental railways, air routes, four coastwise steamship lines, many tramp steamers and traffic motor-borne upon the highways all compete with our lines."

Society and Personal

H. Greger and children drove to Lake Elsinore Sunday.

Joe Belohavek, Sr., went surfing Sunday and brought home two four-pound coribina and some smaller ones.

The L. H. Seaman family recently moved from Mountain Trail Avenue to a residence at 267 North Baldwin Avenue.

Miss Taylor, Miss Ballard and Miss Alley, all teachers in the Sierra Madre schools, are again residents of the Sierra Madre Hotel.

Mr. and Mrs. Buckingham, with five other guests, most of them from Pasadena, attended a house party over the weekend at Hermosa Beach.

Mr. and Mrs. D. A. Robertson have returned from a 10-day trip to Pine Knot, Big Bear. They are now residing at No. 2, Bella Vista Terrace.

J. F. Sadler, Carl Pegler, Ralph Sebree, Ray Grant and James Hawks played golf Thursday at Los Serenos Country Club. As usual Mr. Sebree did not win No. 17.

Mr. and Mrs. Luckey D. Ball motored to Big Bear Wednesday afternoon of last week and were guests of the proprietor of the Highland Hotel. They returned Friday evening.

Mr. and Mrs. Tony Delvecci entertained at dinner in honor of their wedding anniversary Saturday evening. The W. E. Craig family and others were guests. Two tables of cards were in play.

Mr. and Mrs. W. S. Andrews entertained their son, Raymond D. Andrews and family Sunday evening. Mr. and Mrs. R. D. Andrews and children just returned from a two weeks vacation trip, spent at Anaheim Landing.

The jinx worked one day early for Elmer Gupton, manager for the Safeway Store on West Central. Instead of Friday the 13th being his unlucky day, Thursday was his Jonah Day, and the whale that caught him was a Monrovia policeman who extracted \$15 from said E. G. for riding at a pace estimated at something over 50 m.p.m. thru the neighboring fair city.

Leonard Burton Succumbs After Heart Attack

Leonard Walter Burton, 24, nephew of Mrs. Frank L. Lovell, 235 Wilson Avenue, passed away Friday night at the Lovell home where he had been making his home for several months past. He was stricken with a heart attack several weeks ago while engaged in a game of golf, and in spite of every care he passed away. He was auditor of the Western Costume Co. of Los Angeles, and was held in highest esteem by his acquaintances. Mr. Burton's mother, Mrs. Walter Burton of Salt Lake City, was called here following his first illness and was in constant attendance up to the time of his death. The body was shipped Saturday night to Salt Lake City for interment. Mrs. Burton and Mrs. Lovell accompanied the remains to their final resting place. Arrangements were in charge of Ray A. Grant.

State Banks Show Big Increase in Past Six Months

The combined assets of all California state banks were \$1,747,865,000 on June 29, 1928, according to figures just announced by Will C. Wood, state superintendent of banks in the banking department's bulletin for September. This figure represented an increase of nearly \$6,000,000 over the total for the same banks on March 27, 1929. Gross deposits of all state banks show an increase of \$7,488,000 during the same period. The increase was due entirely to deposits other than those of individuals.

The most significant increases in assets, individual deposits and cash resources occurred in the group of banks reporting outside the San Francisco and Los Angeles areas. These banks, which account for about one-fourth of the resources of all state banks showed a growth during the last three months of \$12,000,000 in assets; of \$4,000,000 in loans and discounts; of nearly \$9,000,000 in individual deposits, and in cash resources a growth equal to that of the state as a whole.

The Baldwin estate was again the scene of activity on the part of the Fox Film Corporation Monday and Tuesday, when 80 or more actors and attaches moved back on location to retake some scenes for "The Sky Hawk." The Sierra Madre Cafe, under the new proprietorship of Mrs. Treenee and Mrs. Anna Brown, served members of the cast Monday, at dinner.

NOTICE OF PUBLIC WORK
PUBLIC NOTICE is hereby given that on Wednesday, the 14th day of August, 1929, the Board of Trustees, also known as the City Council, of the City of Sierra Madre, California, did, at its meeting on said day, pass a Resolution of Intention No. 452 declaring its intention to order the following street work done, to-wit:

SECTION 1: That the public interest and convenience require that it is the intention of the said Board of Trustees, also known as the City Council of the City of Sierra Madre, State of California, to close up, vacate and abandon for street purposes OAK AVENUE, and a portion of LAUREL AVENUE, in the said City of Sierra Madre, described as follows:

PARCEL 1: That certain street or avenue designated as OAK AVENUE, as the same is shown on the map of PARK PLACE, recorded in Book 10, Page 93, of Maps, Records of Los Angeles County, State of California; thence North 89° 40' East 458.86 feet to the Southeast corner of Lot 1, said Park Place; thence South 0° 22' East 50 feet to the Northeast corner of Lot 27, said Park Place; thence North 0° 22' West 50 feet to the point of beginning, excepting therefrom any portion of any public streets, avenues or alleys which may be included therein.

Beginning at the Southwest corner of Lot 4, Park Place, as per map thereof recorded in Book 10, Page 93, of Maps, Records of Los Angeles County, State of California; thence North 89° 40' East 458.86 feet to the Southeast corner of Lot 1, said Park Place; thence North 0° 22' West 50 feet to the point of beginning.

PARCEL 2: That certain portion of that certain street or avenue designated as LAUREL AVENUE, by Ordinance No. 143 of said City of Sierra Madre, terminating on the West at Sunny-side Avenue, and on the East at the West line of Lot 27, Park Place, as per map thereof recorded in Book 10, Page 93, of Maps, Records of Los Angeles County, State of California, said Avenue being designated on said map as Park Avenue, said portion of Laurel Avenue, formerly Park Avenue, being more particularly described as follows:

Beginning at the Southwest corner of Lot 14, Park Place, as per map thereof recorded in Book 10, Page 93, of Maps, Records of Los Angeles County, State of California; thence North 89° 40' East 440 feet to the Southeast corner of Lot 10, said Park Place,

being a point on the Westerly line of Lot 27, said Park Place; thence along said Westerly line, South 0° 22' East 50 feet to the Northeast corner of Lot 23, said Park Place; thence South 89° 40' West 440 feet to the Northwest corner of Lot 15, said Park Place; thence North 0° 22' West 50 feet to the point of beginning.

SECTION 2: That the exterior boundaries of the district of lands to be benefited by said work or improvement and to be assessed to pay the damages, cost and expenses thereof are described as follows:

Beginning at the Northwesterly corner of Lot 4, Park Place, as per map thereof recorded in Book 10, Page 93, of Maps, Records of Los Angeles County, State of California; thence Southerly in a direct line to the Southwesterly corner of Lot 15, said Park Place; thence Easterly along the Southwesterly lines of Lots 15, 16, 26, 25, 24 and 23, and the Easterly prolongation of the said Southerly line of Lot 23 to its intersection with the Easterly line of Lot 27, said Park Place; thence Northerly along the said Easterly line of Lot 27, and the Easterly line of Lot 1, said Park Place, to the Northeast corner of said Lot 1; thence Westerly in a direct line to the point of beginning, excepting therefrom any portion of any public streets, avenues or alleys which may be included therein.

Reference is hereby made to said Resolution of Intention No. 452 on file in the office of the City Clerk of said City of Sierra Madre for further particulars.

Earl J. Lynde,
Street Superintendent of the
City of Sierra Madre.
Dated this 19th day of September,
1929.

Comfort & Speed

DURING the month of September the entire country is studying refrigeration. For the first time this important subject is being observed from all angles. Women and men are awakening to the tremendously important part refrigeration plays in keeping their health and the health of their families above par.

September is National Food Preservation month. Until the end of the month a great deal of publicity will appear on the subject of protecting the food supply of the nation. Refrigeration is one of the most important links in the chain of producer to consumer. Lack of refrigeration at any step neutralizes the benefits that have been gained at other points. The consumer must realize this and see to it that his link in the chain is not the weak one. Read the articles that appear. Study refrigeration and what it means to you.

Winter Tours Now Attract Attention Of U. P. Railway

With a record-breaking tourist season for summer traveling drawing to a close, winter sports and attractive scenic places in and near Southern California are now attracting the attention of transportation officials.

In Yellowstone, Bryce and Zion National Parks, and the Grand Canyon country near the Kaibab National Forest, in Southern Utah, more people have visited the natural wonderlands of these regions than ever before, according to reports.

Formulation of plans for a new record next year are now underway, while officials of the Union Pacific are outlining the winter tours, according to Woodson F. Jones, Sierra Madre agent, who has been conferring with R. B. Robertson, assistant traffic manager of the railroad.

Some of the newly developed points of interest opened to the winter tourist coming west over the Union Pacific this year will be the Boulder Canyon dam site and Las Vegas, Nevada. The dam site is reached by one of the most scenic boat trips in the country down the Colorado River. The Lost City and the Valley of Fire, also are close at hand from Las Vegas.

Starting November 1, regular all-expense-paid personally conducted Union Pacific tours will be carried out weekly thru the diabolically divine Death Valley. There will be three day tours by train and motor bus into this hitherto legendary wonderland of "another world." Today it is a haven of peace and comfort, unfolding grandeur and beauty that will live forever in the mind of even the worldly traveler.

One sees the vast salt beds, the brightly colored Funeral Range, the unforgettable sight from Dante's View and the famous Borax Industrial plant, former home of the 20-Mule Teams. In the midst of this is a modern hotel, Furnace Creek Inn, 274 feet below sea level. All is made accessible in comfort and ease over the Union Pacific.

WICKED CALIFORNIANS

The following letter, addressed to and published in the Seattle Daily Times, is a fair indication of how California stands in the mind of at least one citizen from further up the Pacific Coast:

"The Times has wondered what caused the San Francisco weather bureau to send the false report to the Zeppelin and caused her to sidetrack Seattle. I wonder when Seattle will learn to expect nothing but dirt from California when Seattle is concerned in any matter. It is my private opinion that the suggestion came from Los Angeles and the San Francisco officials carried it out. The same rotten scheme that Los Angeles played on Seattle at the time of the Around-the-World Flyers some years ago. You remember how Los Angeles caused the flyers to head for Los Angeles instead of coming to Seattle. Their cry was that the flyers would avoid the mountains by coming that way. They knew that Dr. Eckner expressed a wish to see Seattle, but in spite of that they trumped up a storm to keep him away and give Seattle another rub."

"For years the California papers have spread the report that it rained fourteen months every year in the Puget Sound Country and people all over the United States believed it, and when they came here they found it to be a lie. In their much-lauded California it is either a cloud-burst or a drouth. I spent months down there in 1924 and I saw dead forest trees and some

Ralph Sebree won the "blind bogey" handicap Sunday at Los Serenos, but did not win 17 as usual, it is reported.

Most of Accidents Occur in 15-Mile Speed Limit Zone

The great extent to which carelessness of motor vehicle drivers is responsible for collisions is revealed in recent figures showing that a great proportion of accidents occur in 15-mile-an-hour speed limit zones. This situation indicates the great need for more caution when driving slowly or in the 15-mile zones, points out the California Committee on Public Safety.

The committee reminds motorists that all blind intersections on California highways are 15-mile zones, but that most drivers sacrifice safety for speed by driving at a much greater speed thru zones. Many drivers also fail to slow down for the 15-mile business district zones of small towns through which the arterial highways pass. "Do not jeopardize your life or that of others when a few minutes' time and thought is the cheap price of safety," advises the committee.

91st Division to Hold 10th Reunion On September 21st

The tenth annual Reunion of the 91st Division will be held Saturday, Sept. 21, at Patriotic Hall, Los Angeles. The 91st Division was recruited on the Pacific Coast and was known as the Wild West Division. It was the only combat division from the Pacific Coast. Nearly half of its 36,000 members were recruited in California, the balance coming from Oregon, Washington, Montana, Wyoming, Idaho, Utah, Alaska and Hawaii.

Approximately 1000 men are expected to attend the reunion, and while many notables will be in attendance, the committee reports there will be no speeches. The purpose of the reunion is to bring together once a year the men who fought with the division in the Meuse-Argonne offensive, the Saint Mihiel offensive, the Lys-Sheldt offensive, the Ypres-Lys offensive and the various other battles and engagements in which the division participated.

The only dependable jack of all trades is money.—Kay Features.

not mention his name. The cat well, there's no harm in telling who owned the cat. If Minor Harkness is short on cats, this may account for one of them.

Talking about cats reminds us of Joe Swanson, who had to gather up a dog for a lady. Joe says he found parts from one end of Central Avenue to the other. The parts he didn't find probably adhered to the P. E. car.

Who was at the park dance last Friday and didn't have a good time? Let him step up now and we'll tell him there's something wrong with him. Everybody seemed to have a glorious time. Those that didn't dance enjoyed the merriment afforded by the music and Joe Swanson's famous coffee.

Many folks now agree that the fire department enjoy good coffee at their meetings.

While passing around bouquets, let's hand Joe Eastwood a good one. As Joe's paper publishes all the praises for the good work of others regarding these public affairs, his modesty doesn't permit mentioning himself. Let it be said that Joe has a major part in the success of all these public-spirited gatherings, and don't forget that.

Has anyone seen Jack Wilkerson lately? He must have taken out a policy to stay away. You are being missed, Jack!

Before the chief departed for a vacation he said to remind people that they may need a better connection for their gas and electric heaters before turning them on. It will pay to investigate this. Hose connections are bad at any price, particularly an old hose.

Edison Questionnaire Commemorates Jubilee Of Incandescent Light

Thomas A. Edison is to be honored by the entire nation upon the occasion of the fiftieth anniversary of his perfecting the incandescent light, October 21, 1879, which will be the date for the climax of a celebration of this Golden

coming up with this country-wide movement, the Sierra Madre Chamber of Commerce is collaborating with this newspaper in sponsoring a contest open to all boys and girls in this community who have not yet reached their sixteenth birthday. The contest will close October 11.

The judges appointed by President Charles Klunk of the Chamber of Commerce are: Miss Edna Green, Miss Mattie Seeley and Mrs. W. S. Hull. Essays should be sent to the Chamber of Commerce and plainly marked "Golden Jubilee Contest" so that they will not be opened by anyone else than the judges when they meet to determine the winner.

Each contestant will be given an Edison Medal by the Sierra Madre News upon notification by this committee that answers to the questionnaire have been submitted. The winner of all the entrants will be presented a handsome bronze medal such as is shown in the cut accompanying this article. The presentation of the award will probably be made at a public meeting of the Chamber of Commerce on or about October 21.

Information as to the life and achievements of Thos. A. Edison may be obtained from a pamphlet entitled "Busy Buttons" which may be procured either from the local Edison Company office or at the Sierra Madre News office. Following is a list of the twenty questions to be answered. Preserve this list and make a thorough study before filling it out.

1. In celebration of what is "Light's Golden Jubilee" being held?
2. What person is being singly honored, and why?
3. How old is Edison today?
4. What event in his boyhood do you believe determined his future as an inventor?
5. On what date was the first incandescent lamp operated practically?
6. Name at least five of Edison's inventions or discoveries prior to the incandescent lamp.
7. Name at least five of Edison's inventions or discoveries after the incandescent lamp.
8. In what ways do electric lights make your living better? (Not over one hundred words.)
9. What important development made in September, 1882, was Edison responsible for?
10. To what extent has this industry, founded by Edison, grown? (Not over 100 words.)
11. How long did Edison's first lamp burn?
12. How long will the modern lamp which you have in your home burn?
13. How much do you pay per kilowatt hour for the electricity which lights your home?
14. A kilowatt is equal to 1000 watts and the use of 1000 watts for one hour, or 1000 watt-hours is a kilowatt hour. By using the answer to question 13, how much would it cost to burn a 50 watt lamp from 8 o'clock at night until 6 o'clock the next morning?
15. What does Edison mean when he says, "Genius is one per cent inspiration and ninety-nine per cent perspiration"? (Not over fifty words.)
16. In what way did Edison present the phonograph to the world?
17. Which one of Edison's inventions do you consider to be his greatest contribution to mankind? What reasons have you for your answer. (Not over 100 words).
18. Although Edison has been known as the "electrical wizard," in what other field has he been active?
19. What has a well known manufacturer and friend of Mr. Edison done to keep alive the memory of the workshop where the incandescent lamp was invented?
20. In what ways are you going to pay respect to Mr. Edison on October 21, 1929?

The Modern Missionary Takes to the Air

The up-to-date missionary uses a plane in the far-flung stretches of the world. Brother George Feltes, S. J., assigned to cover 84 missions in Alaska, will do so with an airplane. Feltes will ship his plane to Alaska and drive north in his new Chevrolet Imperial Sedan. Pictured with him is Captain W. H. Royle, his instructor.

The Gauchos Sensation at County Fair

The gauchos, famous band of fearless horsemen fresh from the wind-swept pampas of the Argentine who are making their first public appearance in a sensational exhibition each afternoon and evening at the Los Angeles county fair in Pomona, were brought to this country by Señor Don Otero, noted land owner of South America, where his rancho covers 30 square miles, and with them he brought twelve of the renowned parti-colored horses, a new strain found nowhere else in the world, for he has bred them himself after 18 years of successful experiments. Power and endurance contained in slender, graceful lines are the characteristics of the animals.

In a contest in Buenos Aires one of the horses cantered for 12 hours without a rest or a break. Señor Otero was prevailed upon to allow his men to perform at the fair that the public might see the horses for which he has the greatest pride. The horsemen, or South American cowboys, as they really are, are all young men and are superb riders. In addition to being the owner of over 3000 head of fine horses, Don Otero raises over a hundred thousand head of sheep annually and 30,000 steers, to say nothing of thousands of acres of wheat.

Los Angeles County Fair continues through next Sunday with a notable program each day and evening including races, the brilliant night horse show and the \$10,000,000 exposition. Sunday afternoon and evening a notable program of star attractions has been arranged. It promises to be one of the greatest outdoors spectacles ever staged in the Southland.

"They Stopped My Dandruff"

DANDRUFF really had me worried. It wasn't only ugly looking—but it was making my hair fall out, which was worse! And then suddenly I discovered a remarkable little bottle of it. I have my hair washed with Fitch's Dandruff Remover Shampoo. It simply dissolves the dandruff, lifts it off your scalp and washes away everything I never saw anything like it. And now my hair is so soft and lustrous that everyone remarks about it. (Fitch Dandruff Remover Shampoo treatments are a feature in our sanitary super-service shop.)

RED CAR

Monthly Pass

everyone is talking about

What it is!

The new monthly pass is a convenient travel arrangement introduced by Pacific Electric for its patrons who ride the RED CARS daily or frequently. Now instead of offering money, a ticket or a commutation book to the conductor, you present your pass. That is all.

When you buy it!

Pass dates from the first to the last of the month for which issued. Buy it the first of each month. Use it as many times as you like... both weekdays and Sundays... during the month.

As an added accommodation, passes are sold (by agents only) for one-half the monthly rate, plus 50 cents, if pur-

Cost of Pass is

\$10.50

between

Sierra Madre

and

Los Angeles

All passes are good

on local lines in Los Angeles and San Bernadino, and on the No. 1 (inner) local fare zone.

Rest as you ride!

Profit by the convenience of this new Monthly Pass.

Save money by riding the Big Red Cars... still the most economical

...most practical

...most restful

form of transportation in Southern California.

Lyric Theatre Shows Haines In New Role

Wm. Haines in a serious role, a far different Wm. Haines from the usually debonair youngster who "kids," uses slang and disports himself in festive attitudes will charm the crowds at the Monrovia Lyric Theatre, where he will appear in "A Man's Man" Sunday and Monday, Sept. 22-23. It's a charming little satire, rich in human interest and with a beautiful love story.

During the remainder of the week, the Lyric will show the romance of the ages transformed into the grandest show ever put on, combining the mighty appeal of Edna Ferber's novel, "Show Boat," with the highlights of Florence Ziegfeld's musical comedy success into the one dazzling singing and talking picture proudly presented by Carl Laemmle.

Folks paid \$7.70 per seat to see the presentation of "Show Boat" in New York. Now you can see and hear famous Ziegfeld stars at Monrovia, a few minutes away in a playhouse that offers every advantage to the presentation of the speaking pictures.

Roy Pickett New Post Commander American Legion

Roy Pickett was elected commander of Sierra Madre Post No. 297, American Legion, at a meeting held last night in the club rooms in the city hall.

Other officers chosen for the ensuing year were: Vincent Fleming, first vice commander; Ben Stinman, second vice commander; Rev. Edwin Ronan, chaplain; Tom Neale, finance officer; and Colin Hill, sergeant-at-arms.

A. H. Embree, one of our trusty mailcarriers, left Friday morning for the Naval Hospital, San Diego, for observation and treatment. Mrs. Embree will remain at the family residence, 535 Altadena.

Mr. and Mrs. S. C. Dye of Hollywood are here for several days visiting with Mr. Dye's aunt, Mrs. J. T. Farrell. They spent yesterday climbing Mt. Wilson. Mr. Dye is connected with the Bank of Italy, Hollywood branch.

Harold Roberts is taking a few days of much needed rest this week due to a recurrence of his kidney trouble which kept him in the hospital several weeks recently.

Popular Pianist Returns to City

MISS VIRGINIA THOMPSON

Do you want your children to have piano lessons and feel certain that at one and the same time they are having correct fundamentals, and moreover enjoying the experience?

Times have changed and music methods with them. In Miss Virginia Thompson's return to Sierra Madre as a teacher, we find a young enthusiast who comes equipped. Miss Thompson's musical equipment is one of the best that Southern California has to offer — thorough courses for six years in piano with Coe Martin (whose assistant teacher she is in Los Angeles), Theory and Normal Methods at the University of Southern California, College of Music, with Adelaide Trowbridge Ferry.

Her activities in Los Angeles have included teaching, accompanying in distinctive studios and for members of the Los Angeles Grand Opera Association, as well as radio appearances over stations KFI, KEJK and KGFM.

The Booking Agent writes of a recent recital appearance: "Coe Martin presented a recital of her pupils which reflects great credit upon her teaching, sincere ideals and pedagogical equipment. An unusually fine talent and style were displayed in the playing of Virginia Thompson."

Children of all ages will be accepted by Miss Thompson at a reasonable price for private and class instruction. For further information call Niagara 2275, Altadena.

Eller Arrested in Phoenix, Arizona

Advices have reached this city that D. B. Eller, formerly a car dealer in this city, has been arrested in Phoenix, Arizona, and will be brought back to this city to answer charges of check irregularities. Mr. Eller left the city hurriedly last fall, leaving some claims unsettled and warrants for his arrest were issued at that time. It is understood that a local resident who happened to be in Phoenix, saw Eller in that city and advised the Phoenix authorities that he was wanted in Sierra Madre and Pasadena.

Local Nimrod Gets Four-Point Buck As Season Opens

Boyd Keith of the Palms Nursery brought home his first deer Monday, which was the opening of the hunting season in this country. Boyd feels rather chesty, and not without reason, for he was the only one out of a party of eight hunters to score.

This was a fine four-point buck whose weight the editor is afraid to estimate from Boyd's report, for he had to "pack it in" for three miles on one of the hottest days of the year. The deer was killed in the country off the Ridge Route.

Legion Auxiliary Makes Nominations

The American Legion Auxiliary at its last meeting, Thursday, September 12, nominated the following officers for the ensuing year: President, Blanche Buie; first vice president, Louise Roe; second vice president, Ellen Evans; recording secretary, Leila Embree; corresponding secretary and treasurer, Elizabeth Steinberger; historian, Arcella Fleming; executive committee, Ora Olsen, Lucille Pickett, Ella Reavis.

Refreshments were served by Mrs. Olsen. The next meeting, Thursday, Sept. 26th, will be nomination and election of officers.

A scientist says some lipstick kisses are poison. Well, we never kissed a lipstick in our life.—Dallas News.

Rainy Spell Brings Many Rush Calls For Roof Materials

Although the unusually early and rather unexpected rain that fell Tuesday and Wednesday of this week brought a blessed relief to scorching weather and aided greatly in the fight against forest fires, still it worked havoc upon many of the roofs of Sierra Madre houses which had become warped and completely dried out during the hot summer.

The Sierra Madre Lumber Co. reports a number of hurry-up calls for roofing materials and, due to the large and varied stock always on hand, they were able to give prompt and satisfactory service, says Waverly Pratt, the local manager.

WOODROW WILSON P.T.A.

WILL MEET

The Parent-Teacher Association of Woodrow Wilson Junior High will hold the first session of this school year next Thursday afternoon, September 26, at 2:30 o'clock. All parents are urged to attend this meeting, which will be held in the school library.

Miss Lou Reed of Mar Vista, aunt of Joe R. Eastwood, was a Thursday dinner guest at the Eastwood home, 188 E. Central.

Carolyn Louise, baby daughter of Mr. and Mrs. Arthur Johnson, Jr., is able to be up part of the day now after a week's severe illness with a very high temperature.
